LICENSING & REVIEW

Sir:

In response to the Notice regarding the subject matter of the above-captioned application (FORM PTOL-456), having a mailing date of May 21, 2002, Applicants enclose herewith a Statement of Property Rights duly executed and dated by the inventors. Applicants believe they have fully complied with the notice, a copy of which is enclosed for reference.

If any questions remain or if this matter requires further discussion, please contact the undersigned at the telephone number given below.

Respectfully submitted,

Stephen G. Ryan, 39,015
Attorney for Applicants

Amersham Biosciences Corp
800 Centennial Avenue
P. O. Box 1327
Piscataway, NJ 08855-1327

Tel: (732) 457-8071
Fax: (732) 457-8463

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, D.C. 20231, on 28 June 02.

LICENSING & REVIEW

I (We) Yizhong Gu and Cung-Tuong Nguyen
citizens of the United States of America and Vietnam, respectively
residing at 7598 Muirfield Drive, Portage, Michigan 49024 US and 2151 Oakland Road
SPC 447, San Jose, California 95131 US, respectively

declare:

That I (we) made and conceived the invention described and claimed in patent
application:

Serial Number 10/060,830 filed in the United States of America on January 30, 2002
titled Human LCCL Domain Containing Protein

That I (we) made and conceived this invention while employed by Aeomica, Inc. That the
invention is related to the work I am (we are) employed to perform and was made within
the scope of my (our) employment duties; That the invention was made during working
hours and with the use of facilities, equipment, materials, funds, information and services
of Aeomica, Inc.

That to the best of my (our) knowledge and belief:

The invention was not made or conceived in the course of, or in connection with, or
under the terms of any contract, subcontract or arrangement entered into with or for the
benefit of the United States Atomic Energy Commission or its successors: Energy
Research and Development Administration or the Department of Energy.

AND

The invention was not made (conceived or first actually reduced to practice) under nor is there are relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

The undersigned inventor(s) declare further that all statements made herein of his or her (their) own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
